

EST. 1982

Funds

It's as simple as... making your priorities our priority

Since 1982 we have built upon Jersey's reputation as a funds domicile of choice to provide our clients with administration and fiduciary solutions.

Our experienced team take care of operating your fund, so that you can focus on the fund's portfolio of investments and generating returns for investors.

It's as simple as...

Asset managers, pools of private investors, family offices and globally recognised institutions can face intricate and complex challenges when establishing and operating a fund.

Our team focuses on what really matters to clients. By offering continuity, consistency, and technical and service excellence, we have worked with groups of private investors, large institutional managers, pension funds, sovereign wealth, private equity and debt managers, and families and family offices around the world to deliver tailored fund administration solutions to structure alternative and traditional assets.

What are you looking for?

- To establish a fund, change administrator or transfer out your in-house operations?
- To focus on driving fund strategy, seeking investment opportunities and delivering strong returns for your investors?
- To select a strategic partner who can take investor reporting, administration, accounting and reporting away from your day-to-day?
- To reduce overheads, improve efficiency and ensure adherence to regulatory, tax and compliance standards?
- To establish a robust and secure corporate governance environment to protect the interests of your investors?

Our proven asset class experience

Our clients value our experience and expertise in the administration of closed-ended structures across alternative asset classes with a particular focus on real estate, venture capital and private equity funds, alongside our provision of governance services.

Real estate

Since 1982, our dedicated Funds team has worked with clients to administer their portfolios of global assets. Whether our client's strategy involves financing, acquisition, development, rental or buy-and-hold assets, our comprehensive technical and practical expertise provides a safe pair of hands.

Commercial real estate is one of our largest asset classes under administration. From multi-let-offices in the City of London to logistics centres in Holland, student accommodation in the UK and Europe to shopping centres in Italy, retail parks in Scotland to large commercially let buildings in the USA; we administer a diverse range of property, across a variety of jurisdictions, for a variety of clients and their tenants, including FTSE100 listed companies.

Renowned, not only, for our experience and track record we have worked alongside partners on several 'first-ever' deals including the first Jersey-domiciled Shariah-compliant fund investing in US real estate and the first Shariah-compliant fund listed on The International Stock Exchange (TISE).

Private equity and venture capital

We work with private equity managers and investors from inception through to liquidation of their funds. Our clients include global asset managers focused on mid-market buyout funds, venture capital funds focusing on tech start ups and private equity fund of funds.

Our track record of administering high value assets on behalf of our clients over the long term, together with our robust knowledge of the increasing demands of regulators and investors, means that we are on hand to support our clients across all aspects of administration, accounting, reporting and governance throughout the fund lifecycle so that our clients can focus on generating alpha.

"It makes such a difference to us on the legal side of things to have a professional service provider team that is so responsive and on top of the detail. Your team genuinely stood out on that front so thanks again for all of your efforts!"

Our fund administration solutions

Alongside our deep and proven experience, we offer a distinctly tailored and comprehensive service across all stages of the fund lifecycle, from inception through to liquidation, as well as providing full governance and administration services to regulated Fund Services Businesses. What can you expect from us?

Nimble, agile, and quick to respond

We pride ourselves on exceeding our clients' expectations; our independence means that our in-house directors can make decisions quickly without approval from a parent company. Whether a limited partnership, unit trust or company is required for your fund, we will partner with you and your advisers to understand your objectives and find the right solution; if we think there is a better solution, we will let you know.

Long-term, consistent and hands-on relationships

Solid relationships are based on open communication, shared vision, and trust. Each client relationship is director-led meaning that you will always have direct access to key decision makers who will respond quickly. Your Fund Director will be supported by a handpicked and dedicated team with the experience and qualifications to meet your needs. We maintain regular contact, are proactive in our approach and our team responds promptly to enquiries to give you, your team and advisers information in a timely manner.

Cultural understanding

We are recognised for our market-leading knowledge and award-winning expertise administering Shariah-compliant funds; we understand the intricacies and nuances of meeting different cultural requirements across the globe and the importance of getting it right.

Strategic partner

In an evolving and dynamic industry, you need a strategic partner. No matter the sophistication or number of investors, level of regulatory oversight applicable to the fund, regulated or non-regulated administration, we will work with you to create and maintain a robust corporate governance framework, ensure you receive accurate and timely, tax, compliance and regulatory reporting and, where necessary, provide experienced directors to support promoters and investment managers.

Tailored reporting

Our fund administration team leverages VG's in house expertise to provide a bespoke range of services tailored to you including performance of due diligence and anti-money laundering procedures for fund investors, compliance procedure maintenance, monitoring, and reporting. Our dedicated funds accounting team use the Investran accounting platform to enable our clients to access and produce real-time investment data as part of their investor value proposition and support regular bookkeeping, management accounting and annual accounts.

We are transparent

We are clear on what we can do and by when, so you know what to expect. Our 'no surprises' culture approach to fees assures transparent and competitive pricing to keep you in control.

"We particularly value the fact that VG has been willing and able to develop a broad and deep understanding of our investment portfolio, allowing its protagonists to make important contributions that go clearly beyond the remit one would ordinarily associate with such a mandate."

It's as simple as... working with people you trust

Established in 1982, VG has grown to 110+ trust and fiduciary professionals and become a leading trust and fund administration company, based in Jersey.

For more than four decades we have worked with clients to establish and administer over 500+ funds of all sizes.

Our award-winning expertise in both conventional and Shariah-compliant administration of closed-ended real estate funds, is complemented by our in-depth knowledge and technical experience of funds holding alternative asset classes.

"In the last 7 years that I have worked with VG, there was never a situation when I was worried that there would be issues at Jersey level for any transaction and we have received the best advice so far from you. I reached out to all service providers in Jersey but no one was close to services and availability that you provided. Without any doubts I have recommended VG internally for all businesses in Jersey and will continue to do so."

Ashley Le Feuvre
Director, VG Funds

T +44 (0)1534 500417
E alefeuvre@vg.je
